

On the Subject of Street Fighter

Hadouken!

- The module shows the fighter selection screen from the 90s beat-em-up game Street Fighter II.
- Select your fighter by clicking their portrait. The name of your fighter must contain the letter determined by the below Venn diagram.

Bomb contains 2 or more AA batteries

Serial number contains a vowel

Bomb contains RJ-45 & Serial ports

Bomb contains a lit indicator

- Once you have selected your fighter, you must select your opponent.
- Calculate your opponent's index reference by summing the number of fighters whose names (ignoring punctuation and spaces) share a letter with your fighter's country of origin, the number of letters in your fighter's name and the number of modules on the bomb. Modulo 12 the result.
- Use the below table to determine your opponent.
- Note: M. Bison's country of origin is defined as "unknown".
- Selecting an incorrect fighter or opponent will cause a strike.

Fighter	Country of Origin	Index Reference	Fighter	Country of Origin	Index Reference
	USA	4		USA	6
	Brazil	2		Unknown	11
	China	7		Japan	0
	India	9		Thailand	10
	Japan	1		Spain	5
	USA	3		USSR	8
