

On the Subject of Solving Connection Check

- Use the smaller table to determine the correct SN character to use.
- Referencing the row with that character to the left, each column shows a digit at the top, and all connections to that number in the cell.

Criteria	Character
All #s Distinct	Last
2+ '1's	1st
2+ '7's	Last
3+ '2's	2nd
No '5's	5th
2 '8's	3rd
1-5 batteries	# of batteries
Otherwise	Last

	1	2	3	4	5	6	7	8
