

Subject Friendship

On the Magic of Trivia

Cheated? Moi?

- Locate the friendship symbols on the display in the table.
- Starting at the leftmost symbol on the display, that doesn't align vertically with other symbols, disregard the first one that appears in a column.
- Do the same with the topmost symbol and disregard the first one in a row.
- Select one of the Elements of Harmony located at the intersections of the remaining rows and columns.
