

## On the Subject of Monsplode, Fight!

*Are you still a fan of some animated series from your childhood? It looks like you stumbled upon another fan.*

- You encountered a wild Monsplode™.
- You can perform 4 different moves against it.
- Pick a move to deal the highest possible net damage to the opposing Monsplode™.
- A wrong move will incur a strike and the module will reset.
- Each move has a type, damage, and sometimes a special rule. (Special rules can override earlier information.)
- Each Monsplode™ also has a type, and a special rule.
- Net damage of a move is its base damage multiplied by the type advantage/disadvantage multiplier.
