

**On the Subject of Not Forgetting Forget Me Not**

*This one likes attention. A LOT of attention.*

**First number:**

Unlit CAR ind = 2.

Unlit > lit ind = 7.

No unlit ind = amount of lit ind.

Last SN #.

**Second number:**

Serial and  $\geq 3$  # in SN = 3.

Last C number was even = last C number +1.

Last C number -1.

**All other numbers:**

Either of last 2 C numbers were 0 = highest SN #.

Both of last 2 C numbers were even = smallest odd SN #\*.

MSD of the sum of the last 2 C numbers.

C = calculated number. \* = or 9 if all are even.
