

On the Subject of the Periodic Table

What do you do with a sick defuser? If you can't helium, and you can't curium, then you might as well barium.

- This module shows an element's **name**, a symbol, a number and the periodic table of elements.
- Follow the steps below and press the button with the same atomic number in the periodic table that is calculated in Step 5.
- Pressing the right button will solve the module.
- Pressing the wrong button will end up in a strike.
- The Periodic Table can be found below or [here \(https://www.ptable.com\)](https://www.ptable.com).
